

AWARE Vermont – Youth Mental Health First Aid Training Data – It Matters!

Who: You!

What: Reporting the number of youth you refer to mental health/behavioral services

When: Quarterly

Where: Easy & quick online survey

Why: To measure the impact of the YMHFA Training

YMHFA Data FAQ's

Why does data matter? The data and evaluation of this work is critical to identify and measure the outcomes and impact we are hoping to achieve to support youth in our Vermont communities. Our data will help us know when we have achieved success through our efforts.

What do I need to do and for how long?

Complete the quick and easy online survey that will be emailed to you on a quarterly basis from VCPI. Data collection will continue over the next three years.

Am I required to do this?

No, participation is encouraged, but is optional for participants.

Will I be rewarded for my efforts?

Yes! When you complete your monthly referral data you will be entered in a quarterly drawing to receive a \$25 Amazon Gift Card!

Project Aware Follow-Up Survey

Thank you for being a trained Youth Mental Health First Aider (YMHFA)!

As a requirement of the Project Aware grant your training site is required to report on the number of youth service referral made by trained YMHFA's like you. Any action directing a person for screening, assessment, consultation, review or treatment services may be considered a referral.

The information collected today helps to inform annual reporting to SAMHSA on the impact of the referral training process. So as to ensure the success of these activities, we would ask that you please take a few minutes to complete the survey below.

Don't forget if you complete the survey you will be entered into a Quarterly Drawing to receive a \$25 Amazon Gift Card!
